To whom it may concern,

As owner of West KY Drug Screen, we have had the opportunity to work with Tom and Vicki for many years. Not only did we have a great working relationship with Tom and Vicki, but also developed a good friendship.

Tom and Vicki are seasoned HR professionals and are very knowledgeable in all phases of the marine industry. If you have a need for an HR service that can keep your company in compliance with all laws and regulations in the marine industry, I would highly recommend Inland Rivers HR.

Sincerely,

Homer Holmes
